Director's Message

The Indian Institute of Information Technology Agartala (IIIT Agartala), established under the MHRD's Public-Private Partnership (PPP) model, is a growing technological institute in northeastern India. Despite its young age, it operates from the NIT Agartala campus, offering a B.Tech. program in Computer Science and Engineering. With the mentorship of NIT Agartala, the institute benefits from experienced faculty and strong infrastructure, helping it overcome various challenges.

IIIT Agartala focuses on the holistic development of students, emphasizing technical education, research, and personal growth. Through industry collaborations, it provides advanced laboratories and research opportunities, striving to become a Centre of Excellence. The institute takes pride in its skilled students and aims to build lasting relationships with recruiters. Additionally, students actively participate in competitions and clubs through NIT Agartala, further enhancing their learning experience.

-- Prof. (Dr.) Abhay Kumar, Director, IIIT
Agartala

IIIT Agartala

IIIT Agartala

Message from Chairman's Desk

IIIT Agartala, established in 2018 under the IIIT Act 2017 and the PPP model, aims to bridge the gap in India's journey to becoming a digital powerhouse. The institute is committed to providing a skilled workforce and fostering a research environment to meet the demands of Industry 4.0.

I am honored to invite you to the Campus Recruitment Programme at IIIT Agartala, which will strengthen industry-research collaborations. Institute-Industry Interaction is a priority for us, and we look forward to a long-term relationship with your esteemed organization. Your visit will offer our students a competitive platform to apply their technical knowledge while fostering a synergetic interface for future collaborations. We sincerely believe this partnership will be mutually beneficial and fruitful.

-- Prof. John Deb Barma, Chairman, CCD

Our Mentors

Dr. Jawahar Paulraj
Vice Chairman , CCD

On behalf of IIIT Agartala, I invite you to our campus recruitment drive. Our students possess strong coding skills, industrial exposure, and diverse experience, making them highly competent for engineering roles.

Dr. Kaju Nath
Assistant TPO & Faculty In-Charge (Placements)

Our recruiters are our biggest strength and their continuous support is an encouragement that, we are succeeding in our effort to enhance employability of our students. We are dedicated to ensure the best recruiting experience and hospitality to you with our best possible efforts.

Dr. Syeda Zeenat Marshoodulla
Faculty In-Charge (Training & Internships)

Internships offer students a valuable opportunity to apply classroom concepts in real-world settings, enhancing their skills and industry readiness. We warmly invite recruiters to collaborate with us and discover the talent and potential of our students.

Dr. Ashim Saha,
IIIT Coordinator

As the coordinator of IIIT Agartala, I proudly guide 54 students who fully utilize NIT Agartala's resources. I look forward to a long-term, mutually beneficial relationship with your organization.

About IIIT Agartala

IIIT Agartala was established in the year 2018 under the IIIT Act 2017 under the PPP model with a mission to bridge the gap in helping India realizing its dream of becoming a digital powerhouse by providing a skilled workforce and research environment to cater to the requirements of Industry 4.0. I am delighted and honored to invite you to the Campus Recruitment Programme at IIIT Agartala, which would be extremely helpful for building suitable industry research tie-ups. Institute - Industry Interaction is of utmost importance to us. We look forward to a long-term relationship between your esteemed organization and our institute. It is my sincere belief that we both will surely benefit from this collaborative relationship. Your visit shall provide our students a competitive platform and enable them to use their technical knowledge and expertise. I sincerely believe that your visit would bode well for both you and our institute. We assure you that our collaboration will be fruitful.

First batch of IIIT Agartala passed in 2021-2022 and our Industry partners are-

IIIT Agartala has signed MoUs with-

Academic Programs

- Program - Bachelors of Technology (B.Tech)
- Branch - Computer Science and Engineering
- Duration - 4 Years
- Admission Through - JEE Mains
- No. of Final Year Students - 62
- No. of Pre-Final Year Students - 60

Clubs

DCC NIT AGARTALA

A dynamic team of talented students dedicated to building innovative apps, websites, and supporting each other in all aspects of development.

EBSB IIIT AGARTALA

MHRD initiative to bring down the cultural difference between different colleges through various activities between them.

GDG IIIT AGARTALA

The talented team of students who have made several applications, website and help each other with all development related activities

PIXELS NITA

A creative team of photographers and visual storytellers who capture moments, document events, and promote artistic expression through photography.

E-Cell NIT AGARTALA

The E-Cell fosters innovation and entrepreneurship, helping students develop ideas, connect with mentors, and launch startups.

NITA Literary Club (NLC)

A passionate community of writers, readers, and storytellers who foster creativity through poetry, articles, debates, and literary events.

CODE IIITA

A hub of coding enthusiasts, fostering problem-solving, development, and innovation through challenges, projects, and peer mentorship.

Student's life

At present IIIT Agartala is temporarily functioning from NIT Agartala campus, and it is unlikely that this scenario will change for atleast five years down the line. As you would imagine then, despite the fact that our institute is only eight years old, we have enjoyed and reaped the benefits of having a well established and prestigious institute like NIT Agartala as our mentor.

Student life at IIIT Agartala, hosted on the NIT Agartala campus, offers a perfect balance of academics and extracurriculars. Students immerse themselves in a dynamic environment, actively participating in clubs, societies, and major events like Moksha and Aayam. From technology and literature to sports and social service, they explore diverse interests, develop leadership skills, and build strong networks. This enriching experience nurtures both personal and professional growth, preparing them for future challenges.

Glimpses

Why Recruit from us ?

1. Our students have contributed to open-source, enabling students to learn by contributing and sharing in major platforms like Google Summer of Code, linux foundation (LFX), Girl Script Summer of Code, ODK-X, Lets Upgrade, and Hacktoberfest.
2. Our Alumnis have bagged placements in well-reputed companies and start-ups like Amazon-Berlin , LinkedIn, Branch International , AWS, Servicenow, Juspay , Nasdaq, Infra Market , VMware, Red Hat, Upstox , Amazon, Zscaler etc.
3. Some of our students have also secured research based internships at Indian Institute of Science (IISc) Bangalore , Indian Institute of Technology (IIT) Bombay and Indian Institute of Information Technology (IIIT) Gwalior.
4. Our students have been active in showcasing their entrepreneurship skills by opening Many start-ups of their own like The Digital Algorithm, Daisyon-eCommerce company, Engineer Submit, Promo-Beings, etc. Students also participated and won prizes in Startup India and e-cell of our mentor institute.
5. Our students have also started programs like codified youth, engineer summit and have also become the chapter lead for instance Girl Script Agartala.
6. Our students have been proactive in inculcating the habit of excelling in every field of opportunity that was made available to them. They have been involved and have secured ranks in numerous hackathons and competitions.

Recruitment Process

01

The placement session commences in June and continues until May of the following year.

02

Invitations containing relevant details are sent to various organizations. Recruiters interested in participating may respond by submitting their applications.

03

A Point of Contact (PoC) is assigned to each organization. The Job Notification Form (JNF) and other provided details are made available online for students.

04

The verified database of all such students is shared with the organization through the Single Point of Contact (SPOC).

05

During campus recruitment conducting of preplacement talks, GDs, PI etc are conducted

06

At the end, the organization declares the list of the final offers either on-campus or through e-mail.
